

# DPO +PLUS

Enhanced Information Governance  
plus redaction

## WHAT IS IT?

Our enhanced DPO +Plus service gives you our highest level of support.

Including everything in our DPO Assure service, you will not only benefit from additional reassurance in all areas of information governance - you'll get our help in some of the most complex and time-consuming tasks - including your record of processing activity and undertaking any redaction required in your subject access requests.

We'll spend more time with you helping with implementation, with a multi-team approach to provide "buddy" support to your data protection leads, incident management via our core-DPO team and additional oversight-monitoring from an independent member of the team.

From individual schools to a large multi-academy trust, join the 450 organisations trusting Data Protection Education with their information governance compliance..
